RE: Sandywash Project, DOGM File No. S-100 L 1063

In Reply Please Refer to Case No. 03-0046

Dear Ms. Burns:

The Utah State Historic Preservation Office has reviewed our cultural resource files for the requested area of potential effect. No known historic properties have been recorded within the project area because no historic properties' surveys have been conducted. Due to heavy density of sites in Sections 20, 27 and 28, USHPO recommends that cultural resource survey be conducted of the area of potential effect.

This information is provided to assist in identifying historic properties, per §36CFR800 for Section 106 consultation procedures. If you have questions, please contact me at (801) 533-3555. My email address is: jdykman@utah.gov

As ever,

James L. Dykman
Deputy State Historic
Preservation Officer - Archaeology
